Brandreth's Pilts concerted forth From the pure products of the earth;

They own no after sad alloy, They often save, but never destroy!

How great the provinction of all the corporeal powers after a compliance libeding!
On the contrary, what agility and strength is felt after a dose of this medicine; the body is indeed hightened of a load. Nothing is equally ridding the vittaged humars with a vegetable medicine of this kind, which 64 years have proved never to do miner but atways good. Is the pulse too high A dose of these Pills will bring it down. Is it too low? the same means will increase it to a proper standard. Is it tremulous, showing nervous excite ment? the Pills by soothing the system will allay it.

Thousands of the most respectable citizens of the United States will be referred to with pleasure by Dr B, who have for many years been in the habit officing bled as often as four times in a year; and whose constitutions in consequence, were becoming weater and weaker, but who, since they have made use of these Pills, have never lost a drop of their precious brood. When any of their old symptoms. appeared, instead of running to a Doctor and havg a vein opened, they have swallowed six or eight Pills, which soon removed the vitiated humors that were impeding the blood in its 'c reulation.' Those sensible people simply by the use of these invaluable P.Bs. are increasing every day the powers both of body and mind, which, by the practice of bleeding,

were both becoming dreadfully impaired.

The following tasks of cure by the use of Brandreth's Pills, alone, are submitted with respect, to the unprejudiced portion of the Boston public :

ASTHMA CURED. The following extraordinary case of Asthma, which is authenticated by seventeen respectable and well known inhabitants of Greenwich, Ct., deserves, by all pessons, a carecures they are daily making show there is no necessity for any other medicine

He began to cough and raise phlegm and in the course of twenty four hours about two querts of thick white jelly was expertorated. Three physiciaus in Stumford Green wich, and Sawpits, prenounced it a nervous humid spasmodic Asilma, and after prescribing for some time to no effect, the three consulted together, and finally declared that they could do him no good; it would and must result in consumption, and death would ensue, and that in a very short time. Tri E most safe, effectual and economicat remedy for diseases of the Human Constitution, that

has ever been discovered. These Pills are composed entirely of materials exracted from Medical Plants, and are warranged not to contain one particle of mercury, or any mineral tal perusal. The most prejudiced must own that substance - Dr. Kingley, the inventor of this valuevidence is on the side of these Pills, which, by the able medicine; from his knowledge of the human system derived from a long and extensive practice. has arrived to the conclusion, that the great and primary cause of most diseases is a derargement in the functions of the liver; or in other words an increased or diminished secretion of the Bile. So will is this understood, that it is common for

persons to say when they feel unwell that they are stomach. On the other hand, when the flow of bile ling to sell, on LIBERAL TERMS, the whole properis diminished, the process of digestion is imperfectly performed, the patient becomes weak and emaciated, because mourisimient contained in the food taken into the world transfer in the privileges, or he would sell the stomach is not properly extracted, and the tood the estate in the story the convenience of puris a great absurdity. Every one who reflects upon the subject a moment, will perceive that impurity of of the treaty and VALTABLE TIMBER from thisthe blood is a secondary, not a primary complaintthe effect, and not the cause of the disease. the functions of the liver are deranged, and the flow comes mingled with the blood as in Jaundice, where the patient shows it in his countenance. Now this impurity of the blood is caused by an increased then of the fale, and to remedy it you must correct the

secretion of the liver and rest to it to a healthy state.

Dr. Kingley-has spent much time in experimenting with different vegerable medicines, for diseases the liver and now offers his Universal Family Pills as the best, most convenient and cheapest medicine that can be prepared for general use; and in offering them to the public, he is actuated more by benevolent than peruniary motives, as the price of the medicine will show.

Dr. Kingley flatters himself that his long experi menting with vegetable medicines, has enabled him to discover the true and only substitute answering all the purpose of mercurials, without any of their attendant evils. One great quality of his family. Pills is, that they have the alternative principle comwith their cathertic or operative quality, so that they not only cleanse the stomach and howels by purging, but they regulate the liver, change the hid secretions, strengthen the digestive organs.

purify the blood, invitorate the circulation, and give tone and energy to the nervous system. They are mild and pleasantin their operation, and almost immediate conviction of their utility-from the first dose. They can be taken with safety by persons of any age, and the feeble, the infirm, the neryour the delicate, are strengthened by their opera-tion, because they clear the system of bad, humors, quiet nervous irritabilities and restlessness, from whatever source, and invariably produce sound

jaund.ce, sick and nervous headache, dyspepsia, costiveness, sickness of the stomach, hearthurn-all htlious complaints, tevers of all kinds, and if taken at the commencement will invariably check their progress, and save the patient from a protracted and dangerous sickness. They are invaluable in nervous and hypochondriacal affections loss of appetite, and all complaints to which females alone are subject. They operate as a mild and speedy purge. and are a safe and certain remedy for worms in
